The OTR price assumes that Tourneos are classified as MI Cars.

† 'Recommended On the Road' price includes delivery to dealer, one year's Government excise duty (see below), DVLA first registration fee and an estimate for number plates. Tourneo model prices include VAT, all other OTR prices exclude VAT.

<sup>0</sup> The CO<sub>2</sub> emissions test figures shown in the table do not express or imply any guarantee of the emissions or fuel economy of the vehicle in question. All the figures are based on tests conducted on vehicles with standard wheels and tyres.

From 1 September 2017, certain new vehicles will be type-approved using the Worldwide Harmonised Light Vehicle Test Procedure (WLTP), according to (EU) 2017/1151, as last amended, which is a new, more realistic test procedure for measuring fuel consumption and CO<sub>2</sub> emissions. From 1 September 2018 the WLTP will fully replace the New European Drive Cycle (NEDC), which is the current test procedure. During NEDC Phase-out, WLTP fuel consumption and CO<sub>2</sub> emissions are being correlated back to NEDC and will be shown as CO<sub>2</sub>mPas figures. There will be some variance to the previous fuel economy and emissions as some elements of the tests have altered i.e., same car might have different reported fuel consumption and CO<sub>2</sub> emissions. To learn more about the new testing procedures, please visit [www.dft.gov.uk/vca/fcb/wltp.asp](http://www.dft.gov.uk/vca/fcb/wltp.asp). The figures in the table above are CO<sub>2</sub>mPas figures.

Optional or Accessory wheels and tyres may have an effect on the emissions or fuel consumption of a vehicle. For further information on CO<sub>2</sub> and fuel performance, please refer to the separate vehicle brochure.

\* Not applicable to retail or private car buyers. Benefit in Kind (BIK) values are the monthly taxation payment applicable to company car users. BIK values were correct at the time of printing and are based on taxation rates for 2018/19 tax year.

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED rate (currently £310) for five years after the end of the first registration (in addition to the standard £140 VED charge per year).

## 'MANUFACTURERS RECOMMENDED ON THE ROAD PRICES INCLUDE: \* -

VED Band	CO <sub>2</sub> Emissions* (g/km)	Number Plates (Estimated) £	Government First Registration Fee £	First Year Vehicle Excise Duty (VED) (Petrol/Diesel) £	Total £
<b>Commercial vehicles up to 3,500KG (N1)</b>					
I	151 - 170	25/1.2	55.00	830.00	885.00
J	171 - 190	25/1.2	55.00	1240.00	1295.00
<b>Delivery</b>					
Delivery Charge ex. VAT	-	-	-	-	530.00
Delivery Charge inc. VAT	-	-	-	-	636.00

\* The On The Road price assumes that Tourneos are classified as M1 Cars.

The delivery charge will be made on all vehicles for delivery to Dealer's premises. Where delivery is not made to the customer at the dealer's premises, a further charge may be made by the dealer. 'On the road' prices include delivery to dealer, one year's Vehicle Excise Duty (see below), Government first registration fee and an estimate for number plates.

The Vehicle Excise Duty (VED) charged on new passenger vehicles (M1) is based on their engine's CO<sub>2</sub> emissions\* (expressed in grammes per kilometre (g/km)). \*CO<sub>2</sub> emissions are measured according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EC) 2017/1151 as last amended.

If a car's list price is over £40,000 (including VAT and factory fitted options) at first registration, the customer will pay an additional VED rate (currently £310) for five years after the end of the first registration (in addition to the standard £140 VED charge per year).

# ACCESSORIES

Dealer Supplied Accessories	Part (FINIS) Number	Recommended Retail Price £ (exc. VAT)

Splash Shield for metal undershield	2175761	£87.52

For our full range of Ford accessories, visit [www.ford-accessories.co.uk](http://www.ford-accessories.co.uk)

This price list shows both original Ford accessories as well as a range of carefully selected products from third party suppliers, identified under that third party supplier's brand name. Please note that third party supplier branded accessories do not come with a Ford warranty but are covered by the third party supplier's own warranty, the details of which can be obtained from your Ford Dealer. Fitment of accessories may have an impact on your vehicle's fuel consumption.

## TOURNEO CUSTOM FUEL CONSUMPTION

The test used to establish fuel consumption and CO2 figures has changed to deliver results that are more representative of real life driving. The Worldwide Harmonised Light Vehicle Test Procedure (WLTP) has replaced the old NEDC test. The Fuel Consumption figures shown are derived from the new WLTP test. However, until 6th April 2020, the published CO2 figures will be the NEDC equivalent and this will be used to calculate Vehicle Excise Duty.

The table below shows the fuel consumption (WLTP) and CO2 emissions (NEDC equivalent) figures for each available engine. These figures may not reflect real life driving results, which will depend upon a number of factors including the accessories fitted, variations in weather, driving styles and vehicle load.

The figures shown are for comparability purposes; only compare fuel consumption and CO2 figures with other vehicles tested to the same technical procedures.

øFord test figures.

øø The declared Fuel/Energy Consumptions, CO2-Emissions and Electric range are determined according to the technical requirements and specifications of the European Regulations (EC) 715/2007 and (EU) 2017/1151 as last amended. Light Duty Vehicles type-approved using the World Harmonised Light Vehicle Test Procedure (WLTP) have Fuel/Energy Consumptions and CO2-Emission information for both New European Drive Cycle (NEDC) and WLTP. WLTP is a new, more realistic test procedure for measuring fuel consumption and CO2 emissions and will fully replace the NEDC latest by end of the year 2020. The applied standard test procedure enables comparison between different vehicle types and different manufacturers. In addition to the fuel efficiency of a car, driving behaviour as well as other non-technical factors play a role in determining a car's fuel/energy consumption, CO2 emissions and electric range. CO2 is the main greenhouse gas responsible for global warming. A guide on fuel economy and CO2 emissions which contain data for all new passenger car models is available at any point of sale free of charge or can be downloaded under <http://carfueldata.dft.gov.uk>.

## OTHER PRICING CONSIDERATIONS

### Customer Order Price Protection

Ford's Price Protection Plan means that the price you pay is the same as the price on your order as long as you are prepared to accept delivery within three months, and in any event, as soon as your vehicle is available. Your Dealer has full details of the plan. Ford Motor Company Ltd is not liable for changes in price caused by Government changes in tax rates or changes in other applicable legislation.

### VAT

VAT is shown calculated at 20%. The total price of a vehicle, including factory fitted options and accessories fitted by the Ford Dealer, will be subject to VAT on retail sale.

### Price Changes

This price list outlines Ford's recommended on the road prices and recommended retail prices. Please contact your Ford dealer for final sale prices. This price list is effective from January 1st 2019, and supercedes all previous price lists. The recommended prices in the publication were true and accurate at the time of printing. You should, however, check details with your Dealer as there may have been changes to Ford's recommended prices in view of Ford's policy of continuous development. Ford reserves it right is reserved to change its recommended prices at any time. Change to government legislation or tax changes could result in a change to ford's published recommended prices.

## ILLUSTRATIONS, DESCRIPTIONS AND SPECIFICATIONS

The product information in this publication was correct at the time of going to print. However, Ford's policy is one of continuous product development. The right is reserved to change specifications and colours of the models and items illustrated and described in this publication at any time. For the latest details always consult your Ford Dealer. Throughout this publication, wherever a feature is described as being an 'Option' or 'Option Fitment/Pack' etc, you should assume that it will be at extra cost to the base vehicle, unless specifically stated to the contrary. All models and colour combinations are subject to availability.

Some images portrayed are of a pre-production model and/or are computer generated, therefore the design / features on the final version of the vehicle may differ in various respects. In addition, some of the features shown on the vehicles may be optional e.g. metallic paint.

Please also note some driver assistance features and safety features described in this publication are designed to function using sensors, whose performance may be affected under certain weather or environmental conditions.
